Daily Intelligence.

TUESDAY, JANUARY 4, 1876.

Town and Vicinity.

One Overell, all shades and styles, are being retailed, at half price at Walsh's Commercial House. 196-47

MASSIE—Moirs Lodge No. 11, G. R. C., will hold its regular meeting to-morrow night at the usual hour.

THE MARKET—There was a very small attendance on the market this morning. Business is not likely to improve much until sleighing comes again.

RECEIPT OF SELLING good goods at Low Prices. The great rush of customers, to Walsh's Commercial House, Front Street, Belleville, proof of the unusual good value offered by the public.

VITAL STATISTICS—The registration of vital statistics to town during the month of Dec., was as follows: Births, 8; Marriages, 20; Deaths, 4.

WEEKLY PRAYER—The services this evening will be held in St. Andrew's Church and will be conducted by Rev. Wm. Briggs. To-morrow evening's service will take place in John Street Church. Rev. A. Campbell officiating.

GO TO WALSH'S Commercial House for Blankets, Flannels, Wiggins, Clouds, Shirts, Fur and Woolen goods of all descriptions, all are being sold at unheard of low prices. 196-47

HORTICULTURAL SOCIETY—The annual meeting of the members of the Belleville Horticultural Society is to be held in the Town Hall to-morrow, the 6th inst., at 2 p. m., for the election of officers and the transaction of other business.

SEERIE—A top hand returned upon the successful calculation of the day's night hours, after the closing of the polls last night. The "boys" had a good time, making plenty of fun, even if the mause which they skillfully forced from their unwieldy instruments was not the perfection of sweetness.

A CHANGE—The glories of the "promote" spirit, have departed, and the "promote" spirit is with us again. Last night the wind greatly veered to the north-west, and a great fall in temperature at once took place, the thermometer indicating a point below zero.

TO-DAY the cold has been keen, and it is felt all the more so, account of the "promote" spirit. The change cannot fail to be beneficial, as it is reasonable, and will improve trade by giving us good ice again and improving the roads.

YESTERDAY, on visiting the Commercial House, we were surprised to see the important number of persons buying the goods, clothing and fur, on examining the prices they are retailing the goods for, our wonder ceased.

OUT IN THE COLD—An abandoned woman named Bailey and some equally abandoned male companions camped out during the whole of last night—intensely cold. It is said that the "promote" spirit is with us again.

INFORMATION—Information was brought to the Police Station this morning, and Chief Petrie and Sergeant Fisher went and captured the parties.

UNDER ARREST—They were looking for a man in a blue coat, and a woman in a red coat, who had been seen at the Commercial House. They were arrested and taken to the Police Station.

ADVERTISEMENTS—Advertisements are being retailed, at half price at Walsh's Commercial House. 196-47

POLICE COURT—On Tuesday, Jan. 4, 1876.

VARIOUS—James Devery, Francis Brennan, and Amanda Storch, were committed for 60 days.

OBJECTION TO THE ROADWAY—Days & nights on the road, and the road is being repaired.

FALSE PRETENSES—H. P. Richards, on remand, was recommended for another day.

NO RYLAND—Richard Devery, charged with infringing the rights of the Commercial House, was committed for 60 days.

ANOTHER CASE—James Kane was laid over for a week.

LARNEY—Elizabeth Devery was recommended for a week.

HEALING ON THE WIND—All who have made use of Dr. Williams' Pink Pills for Pale People, will find them to be a most valuable remedy for all ailments.

THEY ARE ALL—The Commercial House is now open for business, and the public is invited to visit.

Interesting Correspondence.

Town and Vicinity.

Town Council.—The last regular meeting of the Town Council of 1875 will be held this evening.

Board of Education.—The final meeting of this body, previous to the election of new members, will be held to-morrow night at the usual hour.

Overalls.—All shades and styles, and at low prices, at half price at W. J. Hambley's.

Closing Service.—The closing service of the "week of prayer," took place yesterday afternoon in the Bridge Street Methodist Church. Rev. Mr. Mulholland delivered a highly effective discourse before a very numerous audience.

Result of Selling Good Goods at Low Prices.—The great rush of customers to W. J. Hambley's, Front Street, Belleville, in proof of the unusual good value offered to the public.

A Cold—One of the winter colds which Mr. Venable predicted with such unerring certainty, began to blow last night, and "piped" with great force. An effect of the cold has been the partial uprooting of a tree belonging to Mr. J. McNeire, near the west end of the lower bridge.

Go to W. J. Hambley's Commercial House for Blankets, Flannels, Wirewools, Clouds, Flannels, Pure and Woolen goods of all descriptions, all at low prices, at half price at W. J. Hambley's.

Deaf and Dumb Instruction.—On the fourth number of today's issue will be found an interesting article on the instruction for the Deaf and Dumb, from the pen of Mr. Young, of the Stratford Beacon. Mr. Young is well qualified to speak of this institution, which he has visited on several occasions, and to the workings of which he has devoted a good deal of time and attention.

Yesterday, on visiting the Commercial House, we were astonished to see the immense number of persons buying Dry Goods, Clothing and Furs, but on examining the prices they are realizing the goods at low prices.

The Stratford Times.—We have received the first number of a 32 column paper bearing the above title, which is published in Stratford by Mr. E. J. Butler, formerly of the Herald. As might be expected, the Times gives no uncertain sound in politics it being Liberal-Conservative from the commencement. It is a neatly printed, well written and nicely got up paper.

Pink and White Typhoid.—We commenced today's issue the publication of the following article from the pen of the celebrated Mrs. H. B. Stowe, author of "Uncle Tom's Cabin," and other highly popular works. Like the other productions of this talented lady, "Pink and White Typhoid" is highly interesting and instructive. It will be well to read it, as it is a warning to the community.

Hard Times.—Parties visiting W. J. Hambley's Commercial House would not think the time were hard to see the fearful quantity of Blankets, Flannels, Wirewools, Clouds, Flannels, Pure and Woolen goods of all descriptions, all at low prices, at half price at W. J. Hambley's.

John in Penitentiary.—The Kingston Daily News of Jan. 9th, who is now in the Kingston Penitentiary, sentenced for life for the murder of James H. McNeire, a well known and respected citizen of this town and in the county in which he resided, who was about 14 years of age, left his father's house to visit a schoolmate at Mr. H. B. Stowe's. The father, who was a well known and respected citizen of this town and in the county in which he resided, who was about 14 years of age, left his father's house to visit a schoolmate at Mr. H. B. Stowe's.

Melancholic Drowning Accident.—The dangerous state of things upon the Niagara River, which has been the cause of many narrow escapes from death in the neighborhood within a few days, and now we begin to be called upon to chronicle a fatal result from breaking through its treacherous surface, which is the third drowning in this town and in the county in which he resided, who was about 14 years of age, left his father's house to visit a schoolmate at Mr. H. B. Stowe's.

Execution of Henry Wauwright.

(From the Daily News, Dec. 22.)
Henry Wauwright was hanged in Newgate yesterday morning at the clock when striking eight. The arrangements for the execution were of the most elaborate character, and all the more revolving circumstances formerly attendant upon the public hanging of a man were scrupulously observed. There was no special display of the public interest in the case, as the man was not a well-known figure. The execution was attended by a large number of persons, and the scene was witnessed by a large number of persons. The execution was attended by a large number of persons, and the scene was witnessed by a large number of persons. MRS. HARRIET BEECHER TOWNS. CHAPTER II.

SPRINGDALE was one of those beautiful rural towns whose surrounding aspect is a striking contrast to the appearance of New England life.

Some of these mountains were of ancient reputation, and had been in the family of the Beechers for generations.

The Beecher family was a well-known, respected family in the town of Springdale.

The reader will come in with us on this bright June morning, through the grassy front yard, which has only just begun to show signs of green.

Every root in it was fragrant with the invisible blossoms of memory—memories of the mother who loved and planted and watched them before her, and the father who had cared for them before her.

From John, she said, "good fellow," and then she laid it on the mantle-shelf of the parlor, and the bust nestled in its cradle.

I must get these into water that you will see the same.

The large parlor was like many that they and I have seen in a certain respectable class of houses—wide, cool, shady, and with a low ceiling.

It was a parlor of the past, and of the future, and of the present. It was a parlor of the past, and of the future, and of the present.

Just then Letitia Ferguson came across the garden, and entered after her, and she saw the garden, and she saw the garden, and she saw the garden.

THE GREAT REMEDY FOR

CONSUMPTION
which can be cured by a
timely resort to this stand-
ard preparation, as has been
proved by the hundreds of
testimonials received by the
proprietors. It is acknowl-
edged by many prominent
physicians to be the most
reliable preparation ever in-
troduced for the relief and
cure of all Lung complaints,
and is offered to the public,
sanctioned by the experience
of over forty years. When
resorted to in season it seldom
fails to effect a speedy
cure in the most severe
cases of Coughs, Bronchitis,
Croup, Whooping Cough,
Influenza, Asthma, Colds,
Sore Throat, Pains or Sore-
ness in the Chest and Side,
Liver Complaint, Bleeding
at the Lungs, &c. Wistar's
Balm does not dry up a
Cough, and leave the cause
behind, as is the case with
most preparations, but it
loosens and cleanses the
lungs, and allays irritation,
thus removing the cause of
the complaint.

PREPARED BY
WISTAR & BROS.
Sole and Proprietors, 120 Broadway, New York.

Persons suffering from Consumption, Coughs, &c.,
should use Wistar's Balm as a preventive and
cure. It is the most reliable and most
valuable remedy for all Lung complaints.
It is sold in all the principal cities of the
United States, and in all the leading
drug stores.

her spiritual state, would have told her freely that she was a miserable slave, who, except the spiritual, must live in perdition. In short, all those letters and whole-sale truths, which strengthen and invigorate the virtue of plain people, might readily have led her a long way on towards sainthood.

And was, little Lillie was no saint; and yet, it must be a great society to be so much to suffer to. She was the daughter and daughter of Christian civilization of the nineteenth century, and the kind of woman, that, in the whole, man of quite distinguished name, have been known to possess, and will go on to be of the world.

Did she love John? Well, she was quite pleased to be loved by him, and she liked the prospect of being his wife. She was sure he would always let her have her own way, and that he had plenty of money to do it with.

Lillie, if not very clever in a literary and scientific point of view, was no fool. She had, in fact, under all her surface of manner, a great deal of what is called common sense. She saw through all the allusions of fancy and feeling, till to the touch of the material core of things. However soft and tender and sentimental her bits of speech and action were in her professional character as a charming woman, still the far Lillie, had she been a man, would have been respected in the business world, as one that had cast her eye-needle, and knew on which side her bread was buttered.

A husband, she knew very well, was the man who undertook to be responsible for his wife's life; he was given, to her, and guardian of all sorts of solid and appreciable comforts.

Lillie's bills had hitherto been placed in the domestic bill of the family. The career of a fair, sensible belle is not to be supported without an admiring eye of an admirer, and that innocent of aristocratic combinations, over which she was wont to laugh heartily, as she lay down, sometimes to results quite astounding to the prosaic, hard-working people, who stood faithfully responsible for all her folly.

Manhood had often been called in to calm the tumult of his feelings, to give him rational developments, and she did it by pointing out to him that this heavy expense was an investment, by which Lillie was, in the end, to make for him a fortune and that of her family.

When Lillie contemplated the marriage-articles with a view to going through with John, there was one clause that in coming distinctly to her mind.

As to the other clause, which could be the dreadful word "dowry," about which modern women have such fearful apprehensions, Lillie was ready to swallow it without even a grimace.

"Obedience," said Lillie, "was a promise of drill assurance at the thought, it was too heavy."

"My dear," said Belle Trevors, who was one of Lillie's intimate friends, and a devoted maid, "have you the least idea how rich he is?"

"He is well enough off to doubt anything I want," said Lillie.

"Well, you know he owns the whole village of Spindlowood, with those great factories, besides law business," said Belle.

"But then they live in a despicable, shabby way down there in Spindlowood. They haven't the remotest idea how to use money."

"I can show him how to use it," said Lillie.

"He and his sister keep a nice sort of establishment there, and they about in an old contrived carriage, picking up poor children, and visiting schools. She is a very superior woman, that sister."

"I don't like superior women," said Lillie.

"But you must like her, you know, John is perfectly devoted to her, and I suppose she is to be a fixture in the establishment."

"We shall see about that," said Lillie.

"One thing at a time. I don't mean to shall live at Spindlowood. It's horribly ugly to live in that little country town. He must have a house in New York."

"And a place at Newport for the summer," said Belle Trevors.

"Yes," said Lillie, "a cottage in Newport does very well in the summer, and then a country place well fitted up to invite company to in the other months of summer."

"Delightful," said Belle, "if you can get him to do it."

"See if I don't," said Lillie.

"You dear, funny creature, you are yet to always ride on the top of the waves," said Belle.

"It's what I was born for," said Lillie.

"By the way, Belle, I got a letter from Harry last night."

"For fellow, had he heard?"

"Why, of course not. I didn't want to know, till it's all over. It's best, you know."

"He is such a fellow, and so deep, it does seem a pity."

"Devoted," well, I should rather think he was," said Lillie. "I believe he would cut off his right hand for money day. But I never gave him any encouragement. I've always told him I could be to him only as a sister, you know."

"You ought to write to him," said Belle.

"What can I do? He is perfectly desperate if I don't, and still more so, that he means to marry me some day, spite of my screams."

"Well, he'll have to stop making love to you when you're married."

"Oh, please! I don't believe that old-fashioned talk. Love makes a victim in life. I don't see why a married woman is to give up all the love having women. Of course, one isn't going to do any more, you know; but one doesn't want to settle down into Dull and Joan, at once. Why, some of the young married women, the most stunning belles at Newport have years, get a good deal more attention after they were married than they did before. You see the fellows like it, because they are so sure not to be deceived."

"I think it's dead on in girls, though," said Belle.

"Oh! I'll turn over any of them to you, Lillie," said Lillie.

"There's Harry, to begin with. What do you say to him?"

"Thank you, I don't think I shall mix up with such old-fashioned articles and Belle, with some wit."

But here the entrance of a maid, with a fresh dress from the dress-maker, revived the conversation into discussion so very minute and that it cannot be recorded in any more detail.

FRIDAY, JANUARY 21, 1876.

Town and Vicinity.

MURKIN CASE.—A special meeting of the Murkin Club is called for this evening at 7:30 o'clock.

POSTCARD.—The Trenton news have been postponed until next week. Several entries have been made.

THE LADIES OF CATHOLIC CHURCH.—Friday, February 3rd. Addresses to be given by Rev. Messrs. Briggs, Cullen, Hamilton, Howell, and others, invited by the choir of the church. See hand bills.

YILLAWA WAREHOUSE.—A telegram gives the following particulars of a destructive fire at Warkworth on the 20th inst. The report says: "This morning a very destructive fire broke out here, destroying the Yillawa hotel, Kennedy's store, Gullen's and McLean's dwellings, Burton's store and a number of houses belonging to Voeberg & Dalry.".

DUST.—The roads have become dry under the influence of the frost and the wind, that the dust was blowing about to quite freely, to the great discomfort of pedestrians, and merchants were obliged to remove their goods in doors, to prevent their being spoiled. The season is a remarkable one, and this is not the least notable of its peculiarities.

THE "DUNDEE" CHALLENGE.—Mr. W. G. H. Dunbar, the Naparima Standard, has established in the thriving village of Carleton Place a newspaper bearing the above title. The *Carleton Canadian* is Liberal-Conservative in politics. It is a neatly printed and well written sheet of 28 pages, and bids fair to achieve the success which it deserves, as its circulation is already nearly one thousand copies. We wish Mr. Dunbar every success in his efforts to supply Carleton Place with a good local paper.

DEATH.—On the 20th inst., Coroner J. P. McDonald held an inquest on the remains of MICHAEL MCGILLIGHY, who died suddenly on that day. The medical evidence showed that deceased had died from hemorrhage of the lungs, and a verdict was returned to that effect. Deceased, who was a native of Ireland, and had been a resident of the town for at least forty years, was about 65 years of age. He had been employed constantly during his residence here, as an employé of the "third man" and as the driver of his death was in the service of Dr. Hope. He was unmarried, and being a man of frugal habits, had accumulated a considerable amount of property, which will descend to a sister in New Brunswick, deceased having had no relatives here or in the country. Coroner McDonald took charge of McGillighey's property, and will communicate with his relatives.

CROWN WITNESSES.—The Government Bill for the payment of crown witness in criminal cases, provides that witnesses shall be paid by the Crown for their services, and that no witness shall be paid in private investigations unless called on behalf of the accused; and that the expenditures shall be made in the same manner as other expenses connected with the administration of justice, namely by the Government paying one third of the amount, and the municipality the other two thirds. This is a decided case of a "half loaf," which, though proverbially "better than no bread," yet falls short of the necessities of the case. Upon what principle payment is to be restricted in the manner proposed by the Act, it is difficult to imagine; but we shall await the Ministerial explanations, in order to see what expedient the preparation of our partial.

SUBSIDY OF BEAR.—An United States Consular agent says: "I have been informed by an American friend from this country, that the American bear is an established business. The Nevada, Wyoming and Idaho of the Williams and Gish line have been supplied with the American bear, and the bears are being sold in Liverpool. The refrigerators are forty feet long, twenty-eight feet wide and nine feet in height. At one side is an ice house, holding forty tons. A blower, run by a steam engine, keeps a current of cold air from the top of the box on the top. Thus far this line has carried one hundred and forty-eight tons of the dressed bears. There is an excellent opening for the employment of Canadian capital in this enterprise, as the bears are sold in Canada at prices as low as \$10 per hundred, while in the Belleville market during the winter ranges from 30 to 40 per hundred, and a considerable profit could be made by the exportation of the bears in the English market at 120 per hundred, and as the quality of the article becomes better established, an advance on the price will certainly take place, and the price of the bears in the same market is 200 to 250 per hundred. We trust that the enter-

prise will be taken hold of in Canada and carried on upon a large scale, and it will give to the people of English cheap beef and at the same time amply reward those who invest their capital in it.

MURKIN.—The meeting for the formation of a Fire Company, which the hand organ will be held in the engine house, corner of James and Water streets, Murray Ward, this evening.

POLICE COURT.—No business today. Two attempts put in a night watchman, and an emigrant family of respectable appearance who were candidates for a night lodging were sent to a hotel by a charitable disposition gentleman, who paid for their night's lodging.

ACKNOWLEDGMENT.—Mr. R. D. Parley delivers up to acknowledge on behalf of the poor, a donation of 400 lbs. of flour, done up in 8 lbs. barrels, from H. Corby Esq., a quantity of clothing from Mrs. F. Clarke, and a donation of beef from Mr. N. Bonnet.

DEMONSTRATION.—We are requested by Mr. John N. Diamond, the plaintiff in this case, reported in our paper of the 19th inst., to state that the judgment given a very material difference from that stated in our former issue. The learned Judge, after the findings, said that in the case the Court should find its judgment in favor of the defendant, and that the plaintiff should be ordered to pay the costs of the suit, and the matter will be argued in full Court in Term, when Mr. Diamond feels confident of a reversal of the judgment given.

OYSTERS SUPPER.—Notwithstanding rain, bad roads, and a dark night, the members of L. O. L. No. 231, Holbrook, (Wallbridge's Mills) Rev. W. M. W. Esq., were gathered, and a large attendance at the Oyster Supper given by them in their Lodge room, on Wednesday evening, 19th inst. After disposing of the numerous good things supplied at the supper table, an address was made to the Methodist Church, adjoining the Lodge room, and there in a church which for neatness of design, and comfort, cannot be excelled in the Province, the audience listened with great interest to the address from the chairman, Mr. N. J. Beckett, of Holloway, Mr. P. R. Daly, of Thurlow, Mr. J. A. Haggerty, Huntington, Mr. Daniel Ostrom, Frankford, Mr. Wm. Johnson, Belleville, Mr. J. C. Campbell, Frankford, Mr. E. B. Frazer, Belleville, Mr. Ross, Frankford, and Mr. Thomas Crowe, Frankford. The customary toasts of thanks were passed, to the Ladies for providing the Supper; to the Chairman, and to the speakers; after which the Chairman, with some very complimentary remarks, presented on behalf of the Lodge, Mr. Johnson and Mr. Ayleck with two magnificent four-story cakes, which had been made by Mrs. Beckett and Mrs. Torrance. A singing of the National Anthem brought the successful meeting to a close. The proceeds, over \$40, are to be applied towards furnishing the Orange Hall.

PERSONS CONDENSED.

—754 persons died of small-pox in Montreal during last year.

—McCready's bakery, Brockville, was burned on the 19th inst.

—The Methodist church, the corner of St. Mills, is to be triad at Hamilton on the 23rd inst.

—The Methodist have decided to start a French Canadian Mission in Montreal.

—Mr. Lyons has been officially notified that Contract No. 9, Lachine Canal has been awarded him.

—Reports from Arkansas say the streams higher than preparations are making at Bayk, a fortified town on the River Drave, for a garrison of 80,000.

—The Russian telegraphic agency reports that the Powers are making an effort to win the English's reply to the Austrian note. The points where England reserve judgment are considered "unimportant."

—Paris, Jan. 21.—The *Temps* says that, according to private information from London, England adheres to the Austrian note on the following conditions: "The maintenance of the integrity of the Ottoman Empire; the recognition of the Sultan's independence; the submission of the proposed reforms to the Sultan as simple observations and friendly counsels, each Power presenting the note separately; and, and yet more to be executed on the insurgents and on Servia and Montenegro as soon as the Sultan shows a readiness to adopt the reforms. Austria, with the assent of the Powers, has been offered the Sultan, might be asked to assist in quelling the insurrection if the Turkish forces are insufficient."

—London, Jan. 21.—A special dispatch from Vienna to the Standard reports that Ljubevitch has issued a proclamation regarding the leadership of the Herzegovinian insurrection. The proclamation states that the chief command would be transferred to the insurrection. He advises the insurgents to persevere until the Turks are expelled from the Province. The *Standard* further reports that Habsburg, the leader of the insurrection in North-west Bosnia, has been murdered by a supposed agent of the Servian Government. Ljubevitch and Habsburg are both Austrians. The present line of the insurrection are Montenegrins, and it is said they were appointed by their Prince.

—A report current that the railway officials in Croatia have received notice to prepare for the transportation of troops.

The Burial of the Golphin

(As told by an old Grandfather to a Mother in a Greenish Hospital.)

A dirty, dirty morning (said)

Grave-diggers were at it

The whole was a stinking

There were a hundred workmen

Aiding for the day

Golf was a quiet lot

Just in the day of year

And more than one small David

Upon her looks she bore

No sign in her; knees of care

An old hour at the door

The hole had just struck half past eight

As under the winter's day

Old man took the morning

And smiling they away

Down the road they went

Whispering the story

Young Lester had the lamp in charge

A steady by, I told

Old man, I'm with you, till

The sun's bright beams

Down fall the lamp; along the deck

The blinding oil rolled

"Fire!" "Dead to quarters!" "Man the

lump!"

I could see like a fool

To read how dim the light

But for the fog and smoke

For the sky looking at Christmas

Lighted up the scene

The ship of Belvidere

But those were learned men

And they were little fellows

But they were little fellows

Some call 'em gutter-chicks

Others call 'em gutter-chicks

The ship was at his post

A smile upon his face

And his eyes were fixed

But they were little fellows

Though so a little plain as plain could be

The fire was in the face

Most of the little ships could swim

But, swim or not, they made

One day, their last voyage

And, swim or not, they made

One day, their last voyage

And, swim or not, they made

One day, their last voyage

And, swim or not, they made

MINERAL RAILWAY.

The Bill to incorporate the

Mineral Railway was read a third time.

ON THE ORDER FOR THE READING OF THE

Bill to incorporate the Mineral Railway

Mr. Scott moved that it be not read

a third time, but that it be referred

to Committee to amend it, by providing

that the act should not have the effect of putting

in force the by-laws under which

the Mineral Railway had been granted aid to the road,

unless the latter by-law should state that

with the aid of the Government

the Mineral Railway should be constructed

within a certain time.

The amendment was lost on a vote of 11

to 10, and the bill was read a third time.

Government to allow the bill to be read

a second time and to a committee.

Mr. Pender said that the bill would not

apply to the Grand Trunk and the Great

Norfolk railways, but, on the contrary,

should have brought in his bill at an earlier

stage of the session, and furnished some

more information on the subject of it, if

he wanted the measure to be effective.

The motion was lost on a division.

County Council.

SECOND DAY.

THE Council met at 10 a.m.

The minutes of yesterday's proceedings were read and approved.

The Warden read a communication from Prof. Dawson, Head Master of the Belleville High School, regarding the education of teachers in the school, which he proposes to undertake, if the County make a grant for that purpose.

Mr. Wood moved, seconded by Mr. White, that the communication be referred to the Committee on Education.

The reports of the County Surveyor, and Gravel Roads Superintendent, were handed in and referred to Committee.

The Warden asked the General Roads Committee, as follows:—Mr. Wood, Mr. White, Mr. Haggerty, Mr. Ashby, Mr. Galt, Mr. Larn, Mr. Flint, Graham, Wood, Vanhook, Pearce, Walker, Eno, Ashby, Craig, Jeff, Aylesworth, and the Warden. If it were the desire of the Council to have the road between the County and Richmond, N.B., it should be done, and he suggested the question of Mr. Wood's name for his own.

This alteration was made.

Mr. White moved, that the name of Mr. Haggerty be added to the Committee. Other Deputy Reeves were on the Committee, and Mr. Haggerty moved to be also.

Mr. Haggerty thought it would be better to reduce the Committee by taking of all Deputy Reeves.

Mr. Galt agreed with Mr. Haggerty's view, which would be a saving of expense.

Mr. Haggerty moved, seconded by Mr. White, that the Deputy Reeves be not appointed on the Committee. He moved that, with the view of uniting the idea that the Deputy Reeves were less intelligent than the Reeves.

Mr. Wood expressed his admiration of Mr. White's consistency in not moving to increase and then to reduce the number of members of the Committee. He did not favor any change in the composition of the Committee.

After a little further discussion the motion was withdrawn.

Mr. Wood introduced a By-law confirming the appointment of Ashby, and for the appointment of High Road Trustees.

Mr. Ashby asked the expense of advertising the North Hastings town By-law in the Belleville papers be paid.

Mr. Eno said he had had an interview with the Solicitor of the company, and they agreed to pay one-half of the expenses for advertising in the town papers, the whole of the Town Council's bill and their proportion of the balance. He did not think it fair that the Company should pay all the expenses of advertising projects were largely met by their own means.

Mr. Wood said that the Company had taken the advice of the Solicitor in the matter. They had not expected to advertise in the town papers, but the law required them to do so, and the law required them to do so.

Mr. Eno said that the Company had agreed to pay half the cost of the advertising in the town papers, half the Town Council's account, and their proportion of the remainder of the expense. If this was satisfactory to the Council, he would see that the arrangement was carried out.

Mr. Flint thought the whole amount ought to be paid, as the others had been paid to the By-law to assist in its passage. The Council had also lost at least \$100 in interest on the money. He should not oppose the settlement, but he thought it would learn the Council a lesson for the future. He treated that at next meeting of Council the Warden would be able to report that the amount promised had been paid.

Mr. Wood said that he had already agreed that the legal expenses should be paid, and now they were willing to do more. He should also see that interest was added, so that it could not be said that they had held back the money for the sake of gaining the interest. It was not fair that they should pay for the advertising of other projects which were linked with their own; and as the advertising in the Belleville papers was for their interest, they were willing to pay it, even against the advice of the Solicitor, as well as the advertising in the Trenton paper, which they had not contemplated.

Mr. Ashby said that Mr. Wood had at a former meeting promised that if the Clerk made out what he considered the legal expenses, they should be paid.

Mr. Wood entirely repudiated such a statement. What he said was that he wished the Clerk to confer with the Company's Solicitor, and the solicitor to pay for the legal expenses, or not he was willing.

Mr. White confirmed Mr. Wood's statement. Mr. Wood said that he had a most extraordinary meeting as regarded some matters, and it needed some one to put him right.

Mr. White said that valuable time was lost every session regarding this matter, and a reasonable settlement was offered, which it would be better to accept.

Mr. Flint said nothing was said as to legal expenses when the By-law was before the Council.

The matter dropped after Mr. Wood had spoken to the same effect.

CHERRY.—The price of this article in the
English market is still advancing. Latest
quotations per cask are 60s to 67s per 112
lbs.

SEALING.—This movement is now all
the rage, and the firms are now coming in
for a share of patronage, the most prevent-
ing any skating on the bay.

COUNTY COUNCIL.—The County Council
concluded its session this morning shortly
after 11 o'clock, and adjourned until the
first Tuesday in March.

"DAVID'S BAND."—This band of young
men are holding meetings every night this
week in their rooms over Mr. Nathan
Jensen's store. The meetings commence at
8 o'clock.

GOVERNOR GRUBB'S MEDAL.—The Am-
erican Clubing Club played for the Governor
General's Medal on the 26th inst., making
126 points, two more than the Belleville
Club.

LECTURE.—Rev. Dr. Jacques will lecture
to-morrow night in the Blocker St. Meth-
odist Church. Subject: "Women's Salu-
tion." An interesting lecture may be ex-
pected, and doubtless the attendance will
be large. See advertisement.

POLICE COURT.—There were no cases
for trial this morning. Yesterday John
McKay, after a long preliminary investi-
gation, was sent up for trial on a charge of
obtaining money under false pretences
from Peter R. Davy, of Bath.

OVERSEER.—The Lilliputian pig, not-
iced yesterday in the market, is owned by
Y. Mikol, and is a Christmas present to
his son. We understand that Mr. Mikol
has ordered a miniature pig, to be built
by Brown & St. Charles, suitable for the
pig.

METICAL.—It will be seen by advertise-
ment that Madame Ambelle, Gendreau, the
celebrated pianist, assisted by a talented
company, will give a grand concert in the
Metropolitan Hall on Monday evening
next. Full particulars are contained in
the advertisement.

NORTH HASTINGS RAILWAY.—Work on
the Belleville and North Hastings Railway
has reached the lake two miles south of
Mallow village, and on the 26th the sec-
ond pier of the railway bridge was com-
pleted, and a large contract for ties was
also concluded.

FEUCATION AT COLBORNE.—"The Royal
Commissioner," appointed at Colborne to in-
vestigate the charge that a large quantity
of Corporation lumber was misappropriated
in 1875 has done his worst, and finds
that over seven thousand feet of lumber
cannot be accounted for. The villagers
were much excited and intend to hold a
public meeting, at which the accusers and
the accused can be brought face to face.

DEAP AND DUB.—A telegram from
Napau says: "Yesterday Dr. Palmer,
of the Dead and Dumb Institute, Belleville,
visited this place with eight of his pupils
and gave an exhibition at the Town Hall
in the afternoon and in the evening at the
Methodist Episcopal Church. The Church
was crowded and many were unable to
obtain seats. The Doctor gave a lecture
which was listened to with marked atten-
tion."

A LARGE CALF.—Mr. B. Gilbert, of Sid-
ney, on the 26th, killed a calf eight months
old, which weighed 400 lbs. dressed, and
the hide weighed in addition 40 pounds.
The calf was a Durham, or at all events
nearly pure bred. This is a remarkable
achievement of early development, and shows
the advantage of the Durhams as beef
cattle, though certainly very few calves of
this place with the like blood of the Durhams
family attain so great a weight at such an
early age.

CHURCH MEMBERS.—The Picton Gazette
says: "Services were held in St. Mary's
Magdalene Church, on Sabbath evening;
and in Onger's Hall, in the evening; in
aid of the Church Mission Fund, on
Monday evening the annual missionary
meeting was held in St. Mary's Magdalene's
Church. The Rev. Mr. Loucks, Rector,
occupied the chair. The audience was
large. Addresses were given by the Rev.
Mr. Carey, of Kingston; and Rev.
Mr. Burke, Rector of Belleville. Mr.
Burke spoke well, and the appeal of Mr.
Burke was both eloquent and powerful.
The audience gathered round him have been
large, although we have not learned the ex-
act amount. A more successful meeting
was probably never held in this parish."

countless instances of public speakers to use it,
who have invariably been successful and
delighted with its effect upon the voice.

The Murchison Club.

The annual Conversations of the Murchison Club, which was held in the Town Hall on Thursday, Jan. 26th, was both pleasant, as well as instructive. The members had exerted themselves to procure specimens of various kinds, to be shown on the platform, and to interest and amuse their visitors. Stuffed birds and animals from the collections of Messrs. W. & J. W. Johnson, J. A. Plaisant, D. M. W. Diamond, E. Harrison, J. C. Johnson, Fossils and minerals, Indian weapons and ornaments, from Mr. J. D. Evans, and a large collection of minerals, contributed by Mr. E. Harrison, and Mr. E. Harrison and Prof. Bell's collection of insects, a number of education maps of objects, minerals, and fossils, and a large collection of minerals, among which Mr. Ackerville's new binocular, and Mr. Evans' fine single instrument, and the minerals, the latter displaying the gyrations and action of a host of animals, and a drop of water. After half an hour had been pleasantly spent in viewing these specimens, the President of the club, Prof. J. Y. Bell took the chair, and, after a meeting, to order, requested the Rev. Dr. Jacques to open the proceedings with prayer, after which the chairman briefly ad-
dressed the members and objects of the association, which was then followed by the purpose of cultivating and extending a taste for scientific pursuits among the people of town, referring at the same time to the number and variety of objects exhibited, and an evidence how far a taste for Natural history had already extended among the people-lawmakers. He then, in a few appropriate terms, called upon Prof. Macoun, who delivered on his characteristics and vigorous address, which appeared to be about half an hour, but which in reality extended beyond an hour and a quarter. He began by contrasting the agricultural capabilities of the North Western States with those of our own country, greatly to the advantage of the latter, but he said that California merited all that had been said about it, being indeed the most splendid agricultural country in the world, and a country in many respects. He contrasted the energy and activity of the people of San Francisco with the listlessness of the inhabitants of Victoria, who, he said, walk about with their hands in their pockets, waiting for Government pay. He came down heavily upon Governments and politicians, who, he said, wanted to be educated up to a better understanding of the immense value of rich inheritance we possess in the vast extent of our territory. He described the country east of the Rocky Mountains, a hundred and fifty miles north of the so-called "fertile belt," as one of the finest agricultural countries in the world, producing wheat and barley which has never been grown in Canada; while in latitude 50° 40', nearly the latitude of St. Peterburg, and within 400 miles of the polar circle itself, cumbrous and tedious winter, he said, he had seen heavily upon Governments and politicians, who, he said, wanted to be educated up to a better understanding of the immense value of rich inheritance we possess in the vast extent of our territory. BEECHER AGAIN.

WINSTON THE FORGER.

New York, Jan. 27.—An Albany despatch says the Legislative Committee appointed to investigate the Quarantine and Emigration Commission, agree in recommending an increase of head money to two dollars and fifty cents, and that five cents thereof shall be placed in a sinking fund to liquidate the debt of the Commission. A majority report recommends the abolition of the Quarantine Commission, and the substitution of President of Emigration, with consultation Board and Shipowners' Association as a court of appeal from the decision of the Health officer, to be without pay.

The assignee of Edwin Booth's estate has divided to his creditors 84 per cent.

The Rev. Dr. Brington yesterday presented a paper on the subject of the Congregationalist Minister in this city, a member of the Association of Congregational Ministers, which last fall appointed a committee to investigate charges against Beecher, urging him as a member of that committee to call a meeting at once to begin the investigation. The writer said that the accumulation of testimony and increase of public feeling against Beecher's course, and other things, pointed clearly to his complete ruin, and that if his fall should mean the ruin of the Congregational Church in regard to him, it would be stained in all time to come from the negligence. The writer added that further negligence would soon be cowardice.

LONDON, JAN. 27.—A special telegram from Bagdad says that the force of 3,000 Turkish troops has been sent to the frontier of the Ottoman Empire, and that the Turkish Government is preparing to the construction of an all rail railway on British soil, and as the quickest and readiest way of bringing those immense regions into connection with the Eastern Province of the Ottoman Empire. He described a river where coal is mined from the banks for a hundred miles, and another where a vein of pure white opium (plaster) extends about the same distance.

At the close of the address, Hon. Robert Reid, seconded by Mr. Edward Esq., M. P., moved a vote of thanks to Prof. Macoun for his instructive address. The audience then again surrounded the table, and spent some time in inspecting the specimens, peeping through the microscope, and asking and receiving information upon various subjects. A little before eleven o'clock the hall became clear, and thus ended one of the most enjoyable entertainments ever given in Belleville.

BLOWN TO PIECES.—A telegram from Springfield, Mass., Jan. 26th gives the following result of playing with edged tools: "Carroll's hammering a frozen pig exploded 200 pounds of nitro-glycerine in Montreal's Kingsbury Hotel, at North Adams this afternoon, demolishing the building and an unoccupied dwelling, and damaged other buildings in the neighborhood. Two workmen, Benjamin Cook and John Oulien, were blown to pieces."

THE DEATH OF FIVE CHILDREN.—Mr. and Mrs. John Brown, ranging from thirteen years to maturity, occurred at Canterbury, N. B., all within a few days; cause diphtheria.

Daily Intelligence.

Town and Vicinity.

MEETING TO-MORROW.—"Daniel's Band" will hold a meeting to-morrow afternoon at 4 o'clock and also every night next week at 8 o'clock in their room over Mr. Nathan Jones' Store.

CROWDING THE SEASON.—Messrs. Goldsmith & Davenport have just opened a case of new ready-made suits, which they sell at GREATLY REDUCED PRICES FROM LAST YEAR.

LIBERAL CONSERVATIVE ASSOCIATION.—The annual meeting of the Bay of Quinte Liberal Conservative Association, for the election of officers, is to be held in the Hall over Harrison's music store, on Thursday next, Feb. 3rd. We hope to see a numerous attendance.

"OUR NEW DOMINION"—Rev. Dr. Joffe will deliver a lecture on the above subject in the Town Hall on Monday evening. The reputation of the Rev. lecturer is well established, and his subject so popular, that a large audience will no doubt be attracted. Proceeds in aid of the West Belleville Methodist Church.

PASSED.—The Bill to legalize By-law No. 333 of the Town of Belleville, to amend by way of bond the Belleville and North Hastings Railway and Smelting Works at this town has passed the Legislature, and now only awaits the assent of the Lieutenant-Governor in order to become the law of the land.

G. D. & W. Goldsmith & Davenport's advertisement. We have perfect confidence in recommending them to the public. d1w

ARTISTIC.—An excellent portrait in oil of Mr. Ockerman, Collector of Taxes, adorns the window of Van Norman's book store. The portrait, which is by Windyale, is so strikingly natural, that it is not only artistically remarked, but in fact it is, he was so impressed with its likeness to the original that he felt like going into Van Norman's to pay his taxes to the "counterfeit presentation" of the Collector.

A GOOD MOVE.—The Royal Canadian Bank commenced to-day the practice of continuing open for the transaction of business at 3 o'clock on Saturday afternoon. This movement will be decidedly popular amongst business men, for whose convenience it has been made, as there is no day in the week when a business man is so much needed as on Saturday. The breaking up of the old established custom of closing at 1 o'clock on Saturday deprives the clerk of his accustomed half holiday, but we feel assured that the business man would be well satisfied to see the young man compensated for this loss by being given a weekly half holiday on some less busy day—say Tuesday or Wednesday. Mr. Young is entitled to 46 credits for the business to meet the wants of the business community, and this reform is a movement in which we have no doubt the other banking institutions which have agencies in this town will join at an early date.

GRAND CONCERT.—Our readers who are minutely interested will be pleased to announce that the Montreal Choral Society will give a Concert in the Metropolitan Hall on Monday evening next. Madame Godard is one of the most eminent pianists of the day, ranking with Vanhaly, Rubenstein, and other masters of the instrument. It is but rarely that the people of Belleville are accorded an opportunity of listening to the performance of artists in any walk of the musical profession of such high standing as Madame Godard, and the opportunity will no doubt be largely taken advantage of. The company comprises Mrs. Adelaide Randall, vocalist; Mr. Louis Helmer, tenor; Mr. J. H. Koster, violinist; and Mrs. Semlyen, organist. Testimony of the ability of the company is obtainable from numerous sources. We are selected the following from the Montreal Star of the 25th, as being one of the most lately expressed opinions on the subject: "Miss Randall possesses a sweet and flexible, clear, and rich voice, and her singing is done with judgment and considerable effect; but neither she nor Mr. L. Helmer, who has a light but cultivated baritone voice, made much impression upon the audience. Mr. Helmer is a young violinist of promise, but at present is by no means in the front rank of soloists. He was encouragingly received, and obtained a fair share of applause. Madame Godard was very warmly received. The first piece which she magnificently executed was Beethoven's 'Sonata Op. 20, Andante Variations, Minuet and Trio. From these she passed to the 'Sonata Op. 10, No. 3, in G major, and then to the 'Sonata Op. 10, No. 1, in G major, and then to the 'Sonata Op. 10, No. 2, in G major, and then to the 'Sonata Op. 10, No. 3, in G major, and then to the 'Sonata Op. 10, No. 4, in G major, and then to the 'Sonata Op. 10, No. 5, in G major, and then to the 'Sonata Op. 10, No. 6, in G major, and then to the 'Sonata Op. 10, No. 7, in G major, and then to the 'Sonata Op. 10, No. 8, in G major, and then to the 'Sonata Op. 10, No. 9, in G major, and then to the 'Sonata Op. 10, No. 10, in G major, and then to the 'Sonata Op. 10, No. 11, in G major, and then to the 'Sonata Op. 10, No. 12, in G major, and then to the 'Sonata Op. 10, No. 13, in G major, and then to the 'Sonata Op. 10, No. 14, in G major, and then to the 'Sonata Op. 10, No. 15, in G major, and then to the 'Sonata Op. 10, No. 16, in G major, and then to the 'Sonata Op. 10, No. 17, in G major, and then to the 'Sonata Op. 10, No. 18, in G major, and then to the 'Sonata Op. 10, No. 19, in G major, and then to the 'Sonata Op. 10, No. 20, in G major, and then to the 'Sonata Op. 10, No. 21, in G major, and then to the 'Sonata Op. 10, No. 22, in G major, and then to the 'Sonata Op. 10, No. 23, in G major, and then to the 'Sonata Op. 10, No. 24, in G major, and then to the 'Sonata Op. 10, No. 25, in G major, and then to the 'Sonata Op. 10, No. 26, in G major, and then to the 'Sonata Op. 10, No. 27, in G major, and then to the 'Sonata Op. 10, No. 28, in G major, and then to the 'Sonata Op. 10, No. 29, in G major, and then to the 'Sonata Op. 10, No. THE MODEL FARM.

The report of operations in the Ontario

School of Agriculture and Experimentation

Farm for the twelve months ending Janu-

ary 1876, has been published. From it we

learn that the winter term of the institution

opened with 28 pupils, none of whom were

residents of this County. Lectures on the

subjects of Chemistry, Physiology, Botany,

Zoology, Book-keeping, Manure, Animal,

and Agricultural, and the Anatomy and Physiology

of Animals, and in most of the classes there were

oral and written examinations.

The Spring term opened with 33 pupils,

of whom 1 was from Hastings, and the same

course of instruction was continued, except

the lectures in Horticulture. Ten of the

old students remained. In the summer,

classroom instruction was discontinued,

the students being employed in the various

departments of the farm, on which the depart-

ments are four in number, namely, the

Field, Live Stock, Horticultural, and Me-

chanical.

The Field Department instruction was

given in plowing; thrashing in all its

branches; the mode of preparing the land

for various crops, in all its details; drain-

ing in all its phases; and haying and gather-

ing in all the crops.

The Live Stock, consisting of 30 head of

fattening and 20 of store cattle; 80 pairs of

and 25 breeding sheep, and 60 fatten-

ing hogs, afforded ample means of education

and feeding stock, as well as the

ordinary course of treatment of the

common diseases of animals. Students

were in attendance at the monthly stock

fairs at Guelph, and were instructed in the

shearing and husbanding of sheep and the

sowing of cattle.

In the Horticultural Department the

students were instructed in the propagation

and forcing of plants; also in the construc-

tion of rustic work; the construction of hot

beds; grafting, transplanting, culture of

different kinds of green plants; and how

best to get rid of destructive insects.

During the winter the students were

taught in the Mechanical Department how

to handle every species of carpenter's tools,

and the preparing of paints; and in the

summer they were practically instructed in

the making of gears, hurdles and fences of

various descriptions.

The yield of the 576 acres placed under

cultivation, was as follows:

Acres. Bushels.

Barley..... 50 2,500

Wheat..... 100 1,000

Oats..... 100 1,000

Rye..... 100 1,000

Corn..... 100 1,000

Clover..... 100 1,000

Hay..... 100 1,000

Potatoes..... 100 1,000

Turnips..... 100 1,000

Forty acres were placed under hay, 28

acres of pasture, and 22 acres were sown

with clover crops.

As the soil is of good quality, and the

season about an average one, the crop re-

turn is not very satisfactory, though in the

kitchen garden and horticultural depart-

ment there was a very good success.

The cost of maintenance for the period

covered by the report was \$12,730, or

rather below the amount estimated by the

Government, and the estimate for the

maintenance of the institution for 1876, is

\$18,616. Last year, however, there was

expended on capital account \$11,338, and

the estimate for the same account this year

is \$25,000, for the purpose of stock, im-

plements, etc., and the erection of buildings.

Canada at the Centennial.

The Ottawa Press of the 29th says:

The Canadian Centennial Commissioners,

who have been in session here during the

past week, brought their labors to a close

yesterday. We learn from the Secretary that

the United States Commissioners have con-

sented to grant additional space for the dis-

play of Canadian lumber, as requested by

the Lumbermen's Association. Room will

now be allowed for 10,000 feet of each kind

of lumber. New Brunswick will contribute

a trophy consisting of a column of polished

granite 16 feet high by 31 feet diameter,

raised on a base of brown, olive and grey

stones. The Manitoba collection, which

consists principally of agricultural products

and Indian wares, is all ready for shipment.

Nearly all the specimens from British Co-

lumbia are now at Montreal. With refer-

ence to the exhibition of cattle, we are in-

formed that the Commission will pay the

cost of transport and feed, but the owners
